

APSCC 2011 CALL FOR PAPERS

<http://www.apsc2011.org/>

APSCC 2011

The 2011 IEEE Asia-Pacific Services Computing Conference

December 12 - 15, 2011, Jeju, Korea

IMPORTANT DATES

Paper Submission deadline	August 30, 2011
Acceptance Notification	September 20, 2011
Camera-ready Due	September 30, 2011
Early registration due	September 30, 2011
Conference Dates	December 12-15, 2011
Workshop proposal due	June 27, 2011

Organization

Honorary Chairs

- Dae-Sik Ko, Mokwon University, Korea

Steering Committee Chairs

- Liang-Jie Zhang, IBM Research, USA
- Hai Jin, Huazhong University of Science and Technology, China

General Chairs

- James J.(Jong Hyuk) Park, SeoulTech, Korea
- Christos Nikolaou, University of Crete, Greece
- Jiannong Cao, Hong Kong Polytechnic University, Hong Kong

General Vice-Chairs

- Sang-Soo Yeo, Mokwon University, Korea
- Bong Gyu Lee, Yonsei University, Korea

Program Committee Chairs

- Changhoon Lee, Hanshin University, Korea
- Robert C. H. Hsu, Chung Hua University, Taiwan
- Jia Zhang, Northern Illinois University, USA

Workshop Chairs

- Seungmin Rho, Korea University, Korea
- Lek Heng Ngoh, Institute for Infocomm Research, A*STAR, Singapore

International Advisory Committee

- Chen Khong Tham, Institute for Infocomm Research, A*STAR, Singapore
- Sew Bun Foong, IBM Singapore and IBM ASEAN Software Group, Singapore
- Tanaka Jiro, University of Tsukuba, Japan
- Chung-Jen (CJ) Tan, University of Hong Kong, HK
- Marek Rusinkiewicz, Telcordia Technologies, USA
- Franck Cappello, INRIA, France
- Latif Al-Hakim, University of Southern Queensland, Australia
- Minglu Li, Shanghai Jiaotong University, China
- Qun Jin, Waseda University, Japan

Publicity Chairs

- Antonio Coronato, ICAR, Italy
- Weisong Shi, Wayne State University, USA
- Lee Chulung, Korea University, Korea
- Xu Shao, Institute for Infocomm Research, Singapore
- Chien-Min Wang, Academia Sinica, Taiwan
- Amy Yuexuan Wang, Tsinghua University, China

Local Organization Chairs

- Sang Yep Nam, Kookje College, Korea
- Hangbae Chang, Daejin University, Korea

Contact Information

If you have any question about the CFP and paper submission, please email to Prof. Changhoon Lee (cryptography1@gmail.com).

OVERVIEW

The services computing is a new cross-discipline that covers the science and technology needed to bridge the gap between business services and IT/telecommunication services. The goal of services computing is to develop new computing technology and thereby enable more advanced IT/telecommunication services to support business services more efficiently and effectively.

IEEE APSCC 2011 is an important forum for researchers and industry practitioners to exchange information regarding advancements in the state of art and practice of IT/telecommunication-driven business services and application services, as well as to identify emerging research topics and define the future directions of Services Computing.

Previous APSCC conferences were held in APSCC 2011, China (2006), Tsukuba Science City, Japan (2007), Yilan, Taiwan China (2008), Biopolis Singapore (2009), Hangzhou China (2010). As the 5th event in the increasingly popular series, APSCC 2011 expects to attract outstanding researchers from all over the world to Jeju - the world famous beautiful city in Korea, and continues to establish the status of APSCC as one of the major conferences on the services computing.

And IEEE APSCC 2011 is an IEEE CS sponsored conference, which will be hosted by KI-IT (<http://www.ki-it.or.kr>).

TOPICS

We are inviting new and unpublished papers on, but not limited to, the following topics:

(You can see the detailed topics in APSCC2011 webpage)

- 1. Business Process Integration and Management**
- 2. Cloud/Utility/Web Computing**
- 3. Foundations of Services Computing**
- 4. Mobile/Ubiquitous/Pervasive Computing**
- 5. Service-centric Computing Models**
- 6. Integration of telecommunication SOA and Web services**

PAPER SUBMISSION AND PROCEEDING

Manuscripts should be prepared according to the IEEE Computer Society Press - Proceedings Author Guidelines (IEEE Latex Style or IEEE Proceedings Word template). Please visit the latest Services Computing Taxonomy to identify your innovation areas when you prepare your papers. Submissions must be in English and provided as PDF file! The length of manuscripts is limited to 8 pages. Submissions, which deviate from these guidelines, may be rejected without review. Each manuscript will be judged on its originality, significance, technical quality, relevance, and presentation.

Authors are required to certify that their paper represents original work and is previously unpublished. Simultaneous submission to any other conference, workshop or journal is strictly excluded. In case a double submission is discovered, the corresponding paper will be rejected immediately.

Submitting a paper to IEEE APSCC 2011 means that if the paper is accepted, at least one author will attend the conference to present the paper.

Submission web site : <http://www.editorialsystem.net/apsc2011>

Special issues/Special section: after conference, special issues of international journals with high qualities will be arranged for selected papers. **(more will be added)**

- International Journal of Web and Grid Services (IJWGS) (SCIE)
- IEEE Transactions on Services Computing (Pending)
- International Journal of Information Technology, Comm. and Convergence (IJITCC)- Inderscience
- Journal of Information Processing Systems (JIPS)
- Journal of Convergence (JoC) - FTRA
